

# Geneseo Modified Cross Country Course 1.2 miles

### Varsity Course: 3.1

Start at the end of the path.

Cross over the school driveway and continue straight to the woods.

Loop 1: At the woods turn left and follow the tree line down to the fence. Cross over in front of the fence and turn to run up to the backstop.

At the backstop turn left and run the perimeter of the upper field.

At the storm grate, turn right and run towards the foul pole, and around the outside of the backstops. Run around the field and back to the foul pole. Turn right around the foul pole and run towards the power boxes.

At the power boxes, turn left and do the same loop again.

When you return to the power boxes turn left and run to the school marquee. Go around the marquee and run down the hill to enter the track. Run a reverse loop around the track to finish.
